The Basics of Estate Planning - Forrest Buhler
KSU Ag Mediation Specialist, Forrest Buhler, will discuss the importance and basics of estate planning including the gathering of data, summarizing of assets and liabilities, and basic preparations to make prior to meeting with your attorney.

Twelve Steps to Keep the Family Farming—Duane Hund
K-State Extension Farm Analyst, Duane Hund, will share a twelve step process for successfully transitioning the family farm. This overview provides key questions, considerations, and practical guidance for thinking about and developing a transition plan while being guided through a practical and logical sequence of steps.

About The Speakers:

Forrest Buhler has been a staff attorney for the Kansas Agricultural Mediation Services since 1995 and for the Farmers Assistance Counseling and Training Service from 1987 to 1995. He also taught the undergraduate course in Agricultural Law and Economics at Kansas State University from 1988 to 1994. Forrest obtained his law degree from Washburn University School of Law. He is a member of the Kansas Bar Association, American Bar Association, and American Agricultural Law Association.

Duane Hund is an Ag Economist with the KSU Farm Analyst Program. The program has a long history of responding to farm families encountering a variety of challenges. The program's intensive one-on-one consultation, using farmers trained as KSRE analysts, has provided assistance to more than 1,000 farm families in Kansas. Duane is an active agricultural producer who brings experience and empathy to meetings with farm families.

K·STATE
Research and Extension

Kansas State University is committed to making its services, activities and programs accessible to all participants.
